

# “CESAR STOPS THEFT”

## Protecting Tractors, ATV's, 4x4's and Trailers with CESAR and Datatag security

Thames Valley Police in partnership with the Official CESAR Scheme are offering exclusive CESAR and Datatag security systems for Thames Valley Residents.

To combat the threat from opportunistic and organised criminals alike the triangular CESAR registration plate has become the industry standard identification mark with support from local authorities, leading contractors, the farming community, the Police, insurers and hire & finance companies.

Combining state of the art Datatag ID technologies, both overt and covert, a low one-off cost, registration on a secure database, accessible through an accredited and dedicated 24/7 UK based secure contact centre, the scheme aims to deter theft and aide recovery.
